THE KEYS SUMMER BREEZE

By TRISH RILEY

PARROT KEY, KEY WEST

New for the season is this 74-unit beach colony of one, two and three-bedroom homes overlooking Florida Bay on North Roosevelt Avenue in Key West. Smart, Conch Republic styles and color schemes rule. Cushy, over-stuffed furniture promises total relaxation in front of each living room's 42-inch plasma TV. The three-story homes have king and queen beds, a third-floor media center, a private bath for each bedroom plus a half bath, washer and dryer, 27-inch plasma TVs in bedrooms and gourmet kitchens with stainless steel appliances.

Guests at the resort enjoy daily housekeeping, four swimming pools, a white-sand beach and a Tiki Cafe and Bar in the lushly landscaped sculpture garden. In addition to Parrot Key and Tranquility Bay (see left) other cottage resorts in the upscale Singh chain include Indigo Reef Marina Homes Resort and the 25-home Coral Lagoon Resort & Marina, both in Marathon.
